FRANCE

France, the first modern republic in Europe is much more than the “Eiffel Tower” and the “Louvre Museum”, France is also the vineyards in the countryside, the beauty of the cities on the “Côte d’Azur”, the mystic prehistoric ruins in the rural areas and its history, culture and progress.

France is the fourth largest economy in the world behind U.S, Japan and Germany.

Its economy is based in agriculture, industry, high-technology and a very advanced service sector.

France is one of the world leaders in IT and during the last years, sectors like banking and finance have been growing rapidly. Of course, you can not miss out on fashion in the most glamorous country of the world.

This situation together with a wide variety of landscapes, activities and climates make France the ideal destination for a professional and personal experience.

BORDEAUX

Bordered by the Garona River, on the Atlantic coast, Bordeaux in Aquitaine, is one of the most important cities in France. It is famous for its harbour, monuments, vineyards and thousands of years of history. The Notre-Dame, Saint Michelle's church and the Rohan Palace are just a few of the amazing monuments that will attract your attention during your escape to this lovely city.

Rich in culture

Bordeaux is one of the richest French regions in terms of culture. Bordeaux gives you art, history, agriculture, wine, and excellent gastronomy. You will notice it while walking down the streets: Lively terraces and parks full of people willing to enjoy all the delights this magical city has to offer.

Multicultural night life

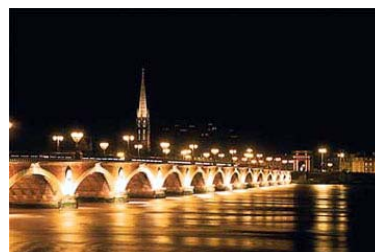

It is not only art, history and culture that encourage the French as well as tourists to visit Bordeaux. It is

also the great nightlife which attracts people from all over the world to stay for at least one night in the capital of Aquitaine. It is especially in the bars and clubs along the boulevard, where you can appreciate the life of Bordeaux. Rock, techno, pop, punk, reggae concerts or whatever kind of events you like, you will find it in Bordeaux. If you go, do not forget to try the local specialities made of fish and seafood.

Strong city centre

Bordeaux is the first city to produce and export wine all over the world. All the wine produced in one year is sold within the same year. But the Aquitaine economy is not only based in wine. Bordeaux has the perfect balance between agriculture, industry and a strong business sector.

Bordeaux is the perfect place to carry out an internship; you will learn a lot about the French culture. Meanwhile you will improve your level of the language and meet new people. Come and have the time of your life!

- With this information I will contact our partner in France. They will contact me if there are internships for you.
- I will contact you and if you decide to do the internships I will send you 3 documents that you have to return to me:
 - **Application Form**
 - **Signed copy of Terms and Conditions**
 - **Copy of your passport.**

At the time you send all these documents, you will need to cover the **Registration Fee**, and this way, everything will be ready to enrol you in the program.

Please note that in the Application Form, you will need to describe what kind of tasks would you like to develop. The more we know, the best we can help you, so the best company we will find. Don't feel afraid of writing a lot, to write too little can cause misunderstandings, and consequently, disappointments (And we don't want a sad face!)

- Your information will be studied by a qualified consultant of Globalplacement and our partner organization, they will accept or decline your booking. (Depending on the possibilities of placing you in a suitable company for your internship, and on your skills and level of the language)
- The total amount of the program must be covered

Please note that in France, the way of arranging internships is quite different when compared to Holland. In France, no employer will accept a trainee without a prior personal interview, to make sure the level of the language and the skills of the participant are as they want them to be. So in France, you first go for an intensive language course.

Once your interview has been successful, your adventure is ready to start.

- You have the right to cancel one Work Placement offer, but only for reasonable causes, which will be criticised by a consultant of Globalplacement and our partner organization.
- Once in France, your progress will be followed up and you will always have the help and advise of our partners and Globalplacement.
